

1 The City Council of the City of Seabrook met in regular session on Tuesday, March 5, 2019 at
2 7:00 p.m. in Seabrook City Hall, 1700 First Street, Seabrook, Texas to discuss, consider and if
3 appropriate, take action on the items listed below.

4
5 **THOSE PRESENT WERE:**

6 THOM KOLUPSKI	MAYOR
7 ED KLEIN	COUNCIL PLACE NO. 1
8 LAURA DAVIS	COUNCIL PLACE NO. 2
9 JEFF LARSON	COUNCIL PLACE NO. 3
10 NATALIE PICHA	MAYOR PRO TEM
11	COUNCIL PLACE NO. 4
12 BUDDY HAMMANN	COUNCIL PLACE NO. 5
13 JOE MACHOL	COUNCIL PLACE NO. 6
14 GAYLE COOK	CITY MANAGER
15 SEAN LANDIS	DEPUTY CITY MANAGER
16 STEVE WEATHERED	CITY ATTORNEY
17 ROBIN HICKS	CITY SECRETARY

18
19 Mayor Kolupski called the meeting to order at 7:00 p.m. and led the audience in the United
20 States and Texas Pledge of Allegiance.

21
22 ***1. INTERVIEW CANDIDATES FOR VARIOUS BOARDS AND COMMISSIONS***

23 **1.1** Interview candidates for openings on the Planning and Zoning Commission and the Charter
24 Review Commission. (Council) – recorder did not come on

25 Mayor Kolupski thanked all applicants for being present, and stated that it has been a long
26 time since the Council has had more candidates than openings. He explained that the Charter
27 Review Commission is an important commission and all seven appointees will be involved in the
28 Commission work. Because there are nine candidates and only seven position, Council knows that
29 two will be somewhat disappointed with the outcome, but the City has other openings. The
30 Council is not here to vote against anyone, but to vote FOR seven members, and the Commission
31 will shape the future of Seabrook.

32
33 ***Planning & Zoning Commission***

34 **Scott Reynolds**

35 Mr. Reynolds began working in the area in 2003, and moved to Seabrook in 2004. He is a
36 structural engineer and built a house in Seabrook. He has been on the last two CCISD redistricting
37 committees, and he has worked with Sean Landis through his HOA.

Charter review commission**John Chisler**

Mr. Chisler moved to Seabrook in October of 1992. He has served on City Council and a number of Seabrook Boards, Commissions, Committees. He served on Planning & Zoning for 12 years, with the first 2 years as a member and the remaining 10 years as the Chair. The service to the City keeps him involved with the City and having knowledge of what's going on around the City. Planning and Zoning was in the middle of building Seabrook Island when Mr. Chisler served, and it took a while because the City had to go through many legal procedures. Mr. Chisler believes there will be a mess in the next 5 years with the SH 146 Project and Seabrook is land-locked, but is a lot to offer here and Seabrook is unique enough. The way the City is run, it is a safe place to live. The Police Department is responsive. The City Manager is good. The people are friendly. It's a nice place to live. Council members had good things to say about Mr. Chisler, particularly that he's been serving the City for many years and has the history.

Aaron Colunga

Mr. Colunga has lived in Seabrook since 2009, and he stated that he is happy to serve the City in any capacity. With the SH 146 project, Mr. Colunga sees some growing pains over the next five years with traffic issues, but overall the people in the area will benefit from the highway expansion. Mr. Colunga expressed some concerns about losing businesses, but he is hoping and confident that something will be figured out with a business district. In the long term, Mr. Colunga believes Seabrook will thrive. Between the community and his church, Mr. Colunga expressed that he loves it in Seabrook. Mr. Colunga stated that his job is impossible to predict, but he believes he will be able to serve on the Charter Review Commission for the six month term. His work schedule is flexible and his typical hours are Monday – Friday from 8:00am to 5:00pm. Mr. Colunga was a member of the Volunteer Fire Department from 2011-2012, and can add the perspective of respect for people who serve. Mr. Colunga is recommended for the Charter Review Commission by Councilmember because he jumps in and helps when needed and takes a leadership position.

Bruce Dresner

Mr. Dresner has lived in Seabrook for 25 years, and served on the EDC Board for 12 years with one term as President of the EDC. Mr. Dresner believes that after the SH 146 Project is complete, it will be a challenge to get good businesses back and the construction will be a big mess. The business coming back is critical. The biggest achievement Mr. Dresner experiences on the EDC Board was the Waterfront District. Mr. Dresner state that the EDC Board he served on laid the groundwork for development in that district. He explained that serving on EDC in general is rewarding for seeing how the City works. Councilmember pointed out that Mr. Dresner has always been available to serve the City over the years and it is appreciated.

THIS SPACE INTENTIONALLY LEFT BLANK

86 Marcy Fryday

87 Ms. Fryday has lived in Old Seabrook for 33 years, and she expressed that in 10 years from now,
88 after the SH 146 Project is complete, Seabrook will be great. Seabrook will attract many quality
89 businesses and she's looking forward to it. She stated that the 146 project will be a pain for a
90 while, but TXDOT has promised 4 lanes. Ms. Fryday is involved in BayTran and the
91 Transportation Partnership. Ms. Fryday stated that she should have the time for the six month
92 commitment because she is semi-retired, and meetings for other boards she serves on are during
93 the day and not during the evening. Ms. Fryday told Council that she loves Old Seabrook because
94 it's quiet, safe, picturesque. She loves her neighbors. Council stated that Ms. Fryday gives
95 tirelessly to the City time and time and time.

96 Byron Hanssen

97 Mr. Hanssen explained that he was born in Seabrook and has lived in Seabrook his whole 26 years.
98 He stated that he enjoys the hike and bike trails, Pine Gully Park, and participating in Seabrook
99 events such as Trash Bash. Mr. Hanssen explained that he is a recent graduate from South Texas
100 College of Law and he is looking forward to working with the Charter Review Commission. He
101 explained his area of interest is corporate structure, particularly certificate formation, and he
102 understands that the Charter is an integral part of the City's operations. Mr. Hanssen believes
103 people will be coming through Seabrook in mass transit and will be looking to bring their
104 businesses here. Because the Texas Legislature is in session now, the Charter Review will be an
105 opportunity to adjust to whatever the Legislature brings. Mr. Hanssen stated that he is happy to
106 have the opportunity to work with some of the distinguished other applicants on the Commission.
107 Mr. Hanssen shared that Seabrook seems to always put citizens first, and it is a comfortable place
108 to grow up. He believes there will always be a strong sense of community and the core of Seabrook
109 will never change, even as the area develops with improvements in technology.

111 Rob Hefner

112 Mr. Hefner has lived in Seabrook for about five years, and having the opportunity to participate in
113 Charter Review will give everyone insight into the importance of what's ahead for the community.
114 Mr. Hefner stressed that dealing with the highway expansion project as it progresses will require
115 a degree of flexibility and responsiveness. He stated that people tend to tie themselves down with
116 legal constraints designed to minimize risks, which are often appropriate, but at the same time, the
117 flexibility to build Seabrook and to get through the 146 expansion is essential. Mr. Hefner has
118 served on the Seabrook Board of Adjustment for the past two years, which he was required to give
119 up with his application to the Charter Review Commission. Mr. Hefner explained that his career
120 is in construction of new homes and he is a manager in his field. He has only been involved in
121 minor repair work in Seabrook, and in his spare time he works with Veterans on flood repair in
122 their homes. Mr. Hefner was asked to talk about his volunteer work with veterans and he explained
123 that he served in the Army for 24 years, and has been retired since 2013. Now he helps those who
124 have served to transition from military to civilian life. He is currently involved with a Texas City
125 Transition Center to get veterans off the streets.

Nancy Jones

Ms. Jones has been a resident of Seaborok for 53 years. Ms. Jones is a retired educator and spends some of her time now traveling and seeing grandchildren. She stated that she loves Seabrook. It's a quaint community and she has friends here. In addition, Seabrook is not far from major medical facilities in Houston. Since her retirement, Ms. Jones stated that she has been involved with the City after Hurricane Ike with the Fair Housing Community, with organizing and running the Kids' 4th of July Parade, with Kids' Fish, and with Breakfast with Santa. Ms. Jones explained that in 10 years, she believes Seabrook will expand and grow in a bigger way. It won't be the quiet community that her children grew up in, but it will be a community of which everyone will want to be a part.

Terry Moore

Mr. Moore has lived in Seabrook for five years. He stated that he's invested everything he has to be in Seabrook and that he is one of the youngest members of the historical Seabrook Cemetery near Pine Gully. Growing up in Corpus Christy, he has fond memories of seeing the marina area as he crossed the bridge in Matagorda and thinking "that looks nice. I want to be here." He believes that is how people will think of Seabrook in 10 years. Mr. Moore believes he can bring observations of City Council meetings, and his meticulous experience with writing procedures, to the Charter Review Commission.

Richard Tomlinson

Mr. Tomlinson has lived in Seabrook since 1999. He has served on his HOA board, including as President for 8 years. He served on the Seabrook Master Plan Review Commission about 10 years ago and was on the EDC Board for 8 years. Mr. Tomlinson stated that he would like to go through the Charter and modernize it to help the City operate better. Mr. Tomlinson believes that Seabrook will retain its charm as a seaside community after the highway project, and that Seabrook is one of the best places to live in the world with the water, the Port of Houston, NASA. He says that residents have it made here. Councilmembers stated that Richard has been around for quite a while and has had a lot of involvement with the City. He is also involved with Seabrook rotary.

2. PRESENTATIONS**2.1 Presentation of the Annual Public Safety Report by Police Chief Sean Wright. (Wright)**

Chief Sean Wright stated that transparency is important. The Seabrook Police Department takes what it does very seriously, and it's always best to hear items directly from the Department, and not from social media. This annual report is a new format to get the information out to the Council, residents, and the general public.

Chief Wright presented the information in Attachment A, and gave the following information:

- The Seabrook Police Department hires people that want to be here. Chief Wright has been working for Seabrook 27 years, right out of college. He is the 3rd chief for the City. People that want to make a difference are hired.

- 176
- 177 • Everyone that wears a badge does everything because the Department is short staffed.
- 178 There are three (3) officers patrolling each night. Residents need to remember that a bad
- 179 element can and does come to Seabrook.
- 180
- 181 • Although Council has passed an ordinance prohibiting commercial vehicles on Seabrook
- 182 streets, drivers are still driving to find a faster route. The CVE officers will come in handy
- 183 during 146, and the Department will ask for additional officers during the budget process.
- 184
- 185 • The UCR report in the attachment is used by the Safe Cities committee and by grant and
- 186 award committees. This report shows an index of crimes, and not all crimes. The Federal
- 187 Government uses the index. Seabrook PD responds to all calls for service, so there was a
- 188 total of 12,132 calls in 2018.
- 189
- 190 • What the Department does isn't always something a person can count. A traffic stop might
- 191 not be only about issuance of a ticket. It might also be an educational opportunity, such as
- 192 for teaching someone to buckle up a child.
- 193
- 194 • In 2018 the focus was on training to give officers the tools they need for the City of
- 195 Seabrook. The new Public Works Facility has been critical in making training the focus
- 196 by allowing the Department to conduct in-house and host other public safety personnel. In
- 197 2018 officers were able to take de-escalation, use of force, water safety, and tactical
- 198 medical training.
- 199
- 200 • 2018 highlights included the hiring of three (3) officers, receipt of a grant for \$15,500 for
- 201 rifle resistant body armor, the Office of the Year award to Fernando Rodriguez, the Space
- 202 Center Rotary Distinguished Award to Taylor Stinson, the Silent Hero Award to Dispatcher
- 203 Elizabeth Rushing, and finally the #4 Safety City in Texas Award.
- 204
- 205 • Seabrook is a place that is family oriented and officers understand that. The Seabrook
- 206 Waffle Company is very supportive of the Police Department. Officers worked Share Your
- 207 Christmas, the Methodist Church Halloween Event, National Night Out, and give Boys and
- 208 Girls Scouts tours on a regular basis, which is a highlight for those officers that participate.
- 209 The Department is involved in all City events. The officers line up to participate because
- 210 they enjoy it.
- 211
- 212 • For 2019 traffic is a priority, and the emails have started coming in due to the changes that
- 213 are already happening on 146. More and more officers will be assigned to traffic
- 214 management. The plan is to work with Kemah as much as possible, but there are some
- 215 logistical issues and it is a daunting task. Officers are doing their best to keep trucks out
- 216 of neighborhoods.
- 217
- 218 The Seabrook Police Department will continue to serve with honor, integrity, and
- 219 accountability.
- 220

Various Councilmembers thank the Chief and his officers and staff for their hard work, including responding to almost 300 calls per officer in 2018, for making training a priority so that young officers get the tools they need to respond professionally and safely, and for the commitment to educate the community.

3. PUBLIC COMMENTS AND ANNOUNCEMENTS

3.1 Mayor, City Council, and/or members of City staff may make announcements about City/Community events. (Council)

Councilmember Davis announced the events listed in Attachment B.

4. CONSENT AGENDA

4.1 Approve a proposal from Cobb Fendley for engineering services for the City of Seabrook CIP D9: Du Lac Trace and Water Way Outfall Improvements, in the amount of \$42,900.00. (Craig)

4.2 Approve the minutes of the February 19, 2019 regular City Council meeting. (Hicks)

Motion was made by Mayor Pro Tem Picha and seconded by Councilmember Machol

To approve the Consent Agenda as presented.

MOTION CARRIED BY UNANIMOUS CONSENT

5. NEW BUSINESS

5.1 Consider and take all appropriate action on the appointment of a candidate to fill a vacant position on the Planning & Zoning Commission created by the resignation of Mike DeHart, to expire on January 1, 2022. (Council)

Motion was made by Councilmember Hamman and seconded by Councilmember Machol

To approve the appointment of Scott Reynolds to fill a vacant position on the Planning & Zoning Commission created by the resignation of Mike DeHart, to expire on January 1, 2022.

MOTION CARRIED BY UNANIMOUS CONSENT

5.2 Consider and take all appropriate action on the appointment of seven members to the Charter Review Commission, pursuant to Section 11.16 of the Seabrook City Charter. (Council)

Mayor Kolupski took a roll call vote, asking each member of Council to state the seven applicants that he or she was voting to appoint to the Charter Review Commission.

260 After the roll call votes were tallied, the following applicants were appointed to the Charter
261 Review Commission for a six month term:

262
263 John Chisler
264 Bruce Dresner
265 Marcy Fryday
266 Rob Hefner
267 Nancy Jones
268 Terry Moore
269 Richard Tomlinson

270
271 Mayor Kolupski thanked all applicants and asked those that were not appointed to the
272 Charter Review Commission to keep their applications open so that if other positions become open
273 on other boards, those applicants can be considered for appointment. Mayor Koluski stated that
274 the Council appreciates everyone's volunteerism to the City. Council does not want to discourage
275 anyone and there will be plenty of opportunity to serve, in the future.

276
277 **5.3** Consider and take all appropriate action on proposed Resolution 2019-04, "Adoption of the
278 City of Seabrook Records Destruction Policy". (Hicks)

279
280 A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SEABROOK, TEXAS,
281 ADOPTING A RECORDS DESTRUCTION POLICY FOR THE CITY OF SEABROOK,
282 TEXAS

283
284 Robin Hicks, City Secretary, explained that the adoption of a Records Destruction Policy
285 is in line with the updated Records Management Program that Council recently adopted through
286 Ordinance 2018-22. Destroying records after they have met their retention through the newly
287 adopted State retention schedules, which means that those records no longer have value for the
288 City, will enable staff to create space both in physical paper formats and in electronic/digital
289 mediums to continue to maintain longer term and permanent records such as ordinances,
290 resolutions, construction projects files, and minutes. Resolution 2019-04 in particular will enable
291 departments to transition paper records to digital through the scanning process and then, after a
292 period of time for quality control checks, shred those records at their desks so that the digital copy
293 becomes the "official City record". There will no longer be a need to store paper until the
294 documents have met their retention. Following a destruction policy that is in compliance with the
295 Local Government Records Act brings costs savings and efficiencies to the City's everyday
296 operations activities.

297
298 **5.4** Consider and take all appropriate action on a contract between the City of Seabrook and
299 NewGen Strategies and Solutions, LLC for a water rate study, in an amount not to exceed
300 \$34,500.00. (Gibbs)

301
302 Gayle Cook, City Manager, explained that the City conducts a water rate study every five
303 years. Staff worked with the City's contracted engineering firm and conducted interviews. New
304 Gen Strategies' process involved analytical methodologies, and the interviewing committee voted

305 unanimously in favor of recommending NewGen. The last study was conducted through a sub-
306 contractor with Cobb Fendley who used an Excel based formula. The City just shy of \$30,000 for
307 the last study.

308
309 Motion was made by Councilmember Klein and seconded by Councilmember Machol

310
311 To approve contract between the City of Seabrook and NewGen Strategies and Solutions, LLC for
312 a water rate study, in an amount not to exceed \$34,500.00.

313
314 MOTION CARRIED BY UNANIMOUS CONSENT

315
316 **6. ROUTINE BUSINESS**

317
318 **6.1** Approve the Action Items Checklist which is attached and made a part of this
319 Agenda. (Council)

320 **TXDOT** – Gayle Cook, City Manager, explained that City staff will begin having monthly
321 meetings with TXDOT. At this time, none of the closings information has changed. In addition,
322 staff met on Monday regarding the aesthetics portion of the project because when bids came in
323 from the contractor, the City noticed that some of the design was extremely over priced as opposed
324 to what had been anticipated in the cost estimate that is being shared with Seabrook EDC. The
325 City has been working with TXDOT to figure out how to bring those costs down. City staff also
326 worked closely with the TXDOT landscaping team, and much of the landscaping will be a separate
327 project where the City may see some cost credit in the end. Eventually, Council will see an
328 amendment to the advanced funding agreement for aesthetics.

329 In response to concerns by Council about whether citizens are seeing the same emails that
330 Council is seeing regarding closures, staff is deliberating how often to notify citizens because
331 changes are happening so fast, emails could lose their effectiveness is inbox begin to get polluted
332 with City notifications. The 146 website: www.sh146.com is being updated with every change
333 and all new information.

334 In response to concerns by Council about updating citizens on next steps and phasing, staff
335 has put out information on the 146 website and in new releases and publications about the phasing.
336 It is anticipated that there may be a few items added to Phase 1, which the City will push out when
337 details are finalized.

338 Finally, Ms. Cook noted that the GIS employee in Public Works has taken the training to
339 become Drone flight certified, so he will do some fly overs to take photographs of the progress of
340 the project.

341

PROJECTS - Kevin Padgett, Director of Public Works, stated that the Todville Sewer Project will have road closures for a little bit longer, and both of the southernmost manholes have been installed with pipe installed. Crews will start storm repairs and general cleanup and making sure the contractor is doing road repairs. Next crews will move to testing and cleaning of manholes and sewers. The majority of the construction phase of this project is ending. The Lakeside Daycare Project began mobilization on Monday, and utilities installation will begin as early as Tuesday. This project is anticipated to be completed in November. Portions of the trail for the students walking form Ed White Elementary will be closed for this project. For the Red Bluff widening project the City is working to get the utilities work included in the plans for that project with TXDOT. This project will let in July and be in full swing by winter of this year. Trash Bash is Saturday, March 30. Registration starts at 8:30 a.m. at Bay Elementary.

GRANTS – Ms. Cook briefed Council on the item listed in Attachment C.

LEGISLATIVE – Ms. Cook stated HB 1259 has been filed for Seabrook to gain authority as an “eligible central municipality” for purposes of a convention center hotel project, and that Senator Taylor’s office also introduced SB 1222 in a companion bill.

Mayor Kolupski noted that a group of local Mayors spent the day in Austin recently through Bay Area Houston Economic Partnership, speaking with 38 State Senators and Representatives to push our agenda with a number of items: the tax cap, coastal barrier, and a number of other issues. Of the 38 State elected officials met, only a handful were in favor of the tax cap. One was adamantly against the State taking over City government. It’s a general consensus that nobody is in favor of the tax cap. The discussion on the coastal barrier was at the end of the day. Senator Larry Taylor was instrumental in getting a group of people on board with the coastal barrier project to form an organization to deal with maintenance of the barrier after construction. Everyone came out of that meeting all smiles. There has been quite a bit of movement on the coastal barrier.

Robin Hicks, City Secretary, updated Council on the bill that has been filed that would void any election conducted with a voting system that is not auditable. That bill has been referred to the Elections Committee. There is also now a bill filed to fund a grant to municipalities to assist with purchasing new voting equipment. This new bill has also been referred to the Election Committee.

Motion was made by Councilmember Davis and seconded by Councilmember Klein

To approve the Action Items Checklist

MOTION CARRIED BY UNANIMOUS CONSENT

6.2 Establish future meeting dates and agenda items. (Council)

376 The next City Council meeting will be on Tuesday, March 19, at 7:00 p.m.

377 There will be a Council workshop on Tuesday, March 26 at 6:00pm at Carothers Coastal
378 Gardens.

379 Upon motion duly made and seconded, Mayor Kolupski adjourned the meeting at 9:00 p.m.

380
381 Approved this 19th day of March 2019.

A Message From the Chief of Police

I have had the pleasure to work for the Seabrook Police Department in various positions for over 27 years. To serve this community as the Chief of Police is a great honor. The City of Seabrook can be proud of the dedicated men and women who are committed to providing public safety services.

It is the department's goal to provide service to the citizens of Seabrook in a professional, respectful and fair manner. As Chief of Police, I want to continue the department's community policing philosophy, improve community relationships and community partnerships.

As the community grows and moves forward our department will hold fast to our mission, goals, and values. The department will continue to be part of the City of Seabrook's strategic plan for the future.

Police Department 2018 Focus

Training

The police department takes pride in providing officers the tools to provide public safety services to the City of Seabrook. One of the most important tools is an officers training. With the ability to use the new public works facility, the department hosted training that not only benefited Seabrook Officers but all Texas Peace Officers. Some as far away as Bryan Texas.

Police Department 2018 Highlights

New Officers Added

Officer Daniel Kirby
